

ENVIRONMENT POLICY

RUC MINING is a full service underground mining contractor. RUC Mining actively seeks to minimize and manage the environmental impact of our operations and works.

Our Environmental Management Commitment:

We at RUC Mining are committed to developing, implementing and maintaining an Environmental Management System that complies with the principles of international standard 14001.

RUC Mining will:

- *Ensure compliance with all applicable legal and other requirements;*
- *Establish sound environment objectives and targets;*
- *Continually measure, assess and strive to minimise the impact of our activities and operations on environment;*
- *Conserve natural resources such as water, energy and other raw materials by promoting pollution prevention, recycling and reuse;*
- *Continuously seek opportunities to improve our adherence to the principles and periodically report progress to our stakeholders;*
- *Communicate our commitment to our employees, suppliers and clients and encourage their active involvement in environmental issues;*
- *Foster the initiation and ownership of environmental activities by all our staff through education, thereby building a strong environmentally aware business culture.*
